

# Assignment 5 (10/4)

Subhadip Chowdhury

*This homework is due at the beginning of class on Friday 10/13. You may cite results from class as appropriate. Unless otherwise stated, you must provide a complete explanation for your solutions, not simply an answer. You are encouraged to work together on these problems, but you must write up your solutions independently.*

*You are encouraged to think about the problems marked with a (\*) if you have time, but you don't need to hand them in.*

Remember that you can always use the result of the previous assignment problems without proof to solve the new assignment problems.

## Problem 0★

Over the second and third week we will be covering chapter 14. Try to read the corresponding sections from book everyday after class.

## Problem 1

Problems from chapter 12 review (at the end of the chapter). Problems (24, 26). You may need a calculator for 24.

## Problem 2

Problems 14.1.(9, 11, 14, 18, 19, 20, 77★).
