Assignment 18 (11/16)

Subhadip Chowdhury

Problem 1

Problems 8.2.$(2, 4, 8, 14, 15, 25, 34, 37, 76, 77)$. Note that if there is no apparent second function, you can always consider $x^0 = 1$, which is an algebraic function as your second (or first) function.
